

Doxtater Remodel

Scope Of Work

The homeowner wanted to transform their 1980s kitchen into a more functional and stylish space, while maintaining the existing layout. Metro Flooring & Cabinets brought that vision to life with the installation of high-quality Yorktowne cabinets and premium Cambria countertops.

All work outlined below was completed in full and to the homeowner's complete satisfaction. For this project, the homeowner served as the acting contractor.

Scope of work completed by Metro Flooring & Cabinets

- Create New layout in existing space.
- Provide 3D rendering of the space.
- Coordinate project with homeowner
- Provide and install new cabinetry for Kitchen
- Provide and install Quartz counter tops
- Provide and install Back Splash Tile

Work Completed

Design Overview:

We designed a warm, timeless kitchen featuring a spacious peninsula, ample pantry storage, and a sleek, externally vented hood. Quartz countertops paired with elegant, hand-sculpted backsplash tile create a bold and sophisticated statement throughout the space.

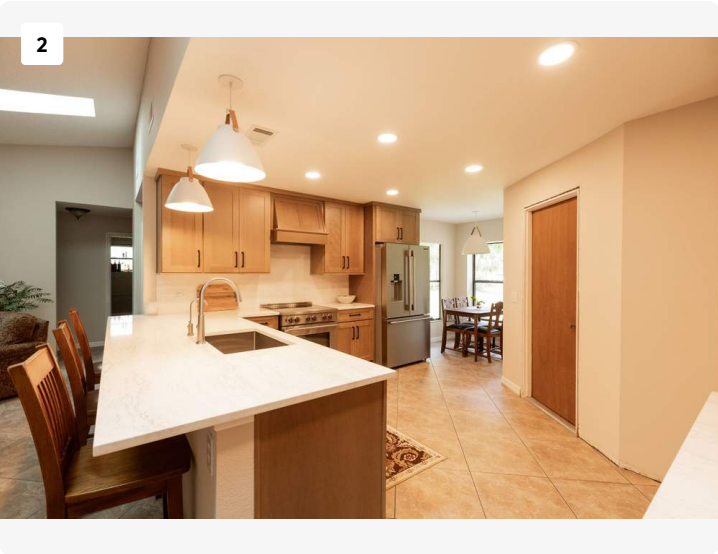

Cabinet Storage Features Include:

- Drawer base cabinets
- Single pull-out trash bin
- Pullout Pantry Shelves

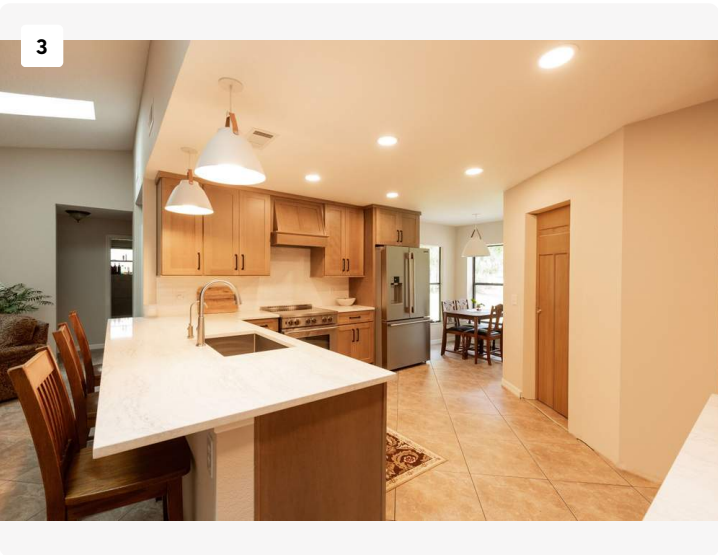

A final walk-through was then conducted to ensure the highest level of customer satisfaction.
